SUMMARY OF EXPERIENCE

- ❖ I am a Student of Computer Science and I am working as a Full-Stack Web Developer. I have worked with various technologies and programming languages including HTML5, CSS3, Bootstrap, Reactjs, Nodes Js, Express Js, MongoDB, Redux, Javascript & PHP MySQL. I have completed many projects like Booking websites, Traveling websites, Restaurant websites, Business websites, Medical web applications, etc. I have complete knowledge and grip on front-end development.
- ❖ 1.5+ years experienced React Developer with hands-on experience in identifying web-based user interactions along with designing & implementing highly-responsive user interface components by deploying React concepts.
- ❖ Proficient in translating designs & wireframes into high-quality code, and writing application interface code via Javascript and ReactJS workflows. Adept at monitoring & maintaining frontend performance and troubleshooting & debugging the same to bolster overall performance.
- ❖ I also have an experience in Graphic Designing and Social Media Management. Like Adobe Photoshop, illustrator and Corel Draw. I have been working since 3 years. I have an excellent skills of photo editing, image manipulation, banner ads, voucher cards, business cards, brochures, e-book covers, wikis websites, background removal, photo retouching, photo resize, masking and video animation editing & i am very excited to work with you.
